Имена рас Тамриэля

Имена имперцев в основном повторяют римские имена и римские традиции образования имён.
Имена бретонцев - французские, иногда английские и некоторые другие.
Имена редгардов иногда повторяют американские имена, но чаще более фэнтезийны.
Имена альтмеров и босмеров похожи на толкиеновские имена. Много букв "р", "л", "н", "э", "а".
Имена данмеров сделаны по собственным правилам, но закономерности можно проследить, посмотрев список их имен.
Имена орков в основном похожи на фэнтезийные орочьи и гоблинские имена. Второе имя (гро-Дулзуг или гра-Барок) означает имя отца. Гро- означает "сын", гра- означает "дочь".
Имена нордов - обычные скандинавские, иногда прибавляется прозвище.
